Class Evaluation/Placement:

All students are placed according to their physical facility, talent, and ability. Class placement will be carefully reviewed and evaluated by the teacher and director. New students will receive a "tentative schedule" sheet that must be given to the teacher before class begins, and at the end of class the teacher will return the sheet to the student with the teacher's decision on the most appropriate class for the student. This schedule must be

presented in every class the student is evaluated in. After the evaluation is completed, this sheet must be filled out and returned to the main office to complete registration.
